

Writing a Resolution: Simplified

Prepared by: Joshua Almadin
Chair of the CNSA Resolutions Committee 2021

Why write a resolution?

- A resolution is a written statement that, when adopted by the House of Delegates at the Annual Conventions of NSNA and/or CNSA, becomes the **basis for the policies and actions of the National Student Nurses' Association (NSNA) and/or the California Nursing Students' Association (CNSA).**
- This means that **YOU** can make a difference in the nursing profession!
- **Your work can bring awareness, recognition, and/or advocacy to your topic!**

What is the difference between submitting to CNSA and NSNA?

Short answer: Same resolution, two submissions.

In chronological order:

Now- August 31st, 2021 (First Draft Due to CNSA)

- Write your resolution!

September 2021- October 2021

- Work with CNSA Resolutions Committee in preparation for CNSA Convention.

October 7th, 2021 (Start of CNSA Convention)

- Your resolution along with all other submitted/approved resolutions will be presented to the CNSA House of Delegates (HOD). You will defend your resolution and the HOD will vote on which ONE will be nominated.

October 7th, 2021 - January 2021 (Submission Due to NSNA)

- **IF NOMINATED:** In addition to becoming the basis of actions and policies of CNSA, you will have the support of CNSA in submitting, sponsoring and finalizing your resolution.
- **IF NOT NOMINATED:** You still can and SHOULD submit your resolution! The Resolutions Committee can still offer advice and critique, however, it will not have the sponsorship of and submission with CNSA.

April 2021 (NSNA Convention)

Who? Submitting and Authoring

Who may submit a resolution?

NSNA constituent state associations, NSNA/CNSA constituent school chapters, NSNA Board of Directors, and NSNA Committees may each submit one resolution for consideration by the House of Delegates.

Individual NSNA/CNSA members may not submit resolutions. Constituent school and state chapters are those that have met the current requirements for official NSNA Constituency status.

Who may author a resolution?

Only NSNA/CNSA student members may be the resolution authors. Faculty and faculty advisors are available only to guide student authors and are not to take an active role in deciding the topic or writing the resolution. There may be only **one primary author** and additional authors.

All authors must be current students and NSNA/CNSA members at the time of the Annual Convention.

Types of Resolutions:

1. Resolutions of Substance serve as one means by which opinions may be expressed, purposes of the NSNA/CNSA can be implemented, and directions are given for future action. **This is what you will be creating.**
-
1. Courtesy Resolutions recognize contributions made to the organization (CNSA and NSNA) by groups and/or individuals; i.e., honorary by acclamation
 2. Emergency Resolutions are resolutions on a topic that arises subsequent to the resolutions deadline date.
 3. Reaffirmation Resolutions restate a position previously taken by the NSNA. (Within the previous 5 years) **This type of resolution is accepted only under *special circumstances* so we want to avoid this. NSNA explains in their guidelines that *Resolutions of Substance* topics must have not been presented within the last 5 years.**

1. Choosing the Topic, Position, and Actions to be Taken
2. Documenting the Need
3. Writing the Resolution
4. Abstracts
5. Reviewing, Proofing, and Organizational Approval of the Resolution
6. Submitting the Resolution

1. Choosing the Topic, Position, and Actions to be Taken

TOPIC:

INCREASE STUDENT NURSE AWARENESS OF NURSE UNIONS AND THEIR ROLE IN HEALTH POLICY ADVOCACY

The first step is to determine a national issue that is relevant to the NSNA and/or CNSA, nursing students, the nursing profession, and healthcare policy.

Topics must be national in scope, be able to be implemented within NSNA's resources, and should fall within the mission, purposes, and functions as stated in the NSNA Bylaws and mission.

This is your time to shine! Research topics that YOU are passionate about!

Example: CNSA 2020 Nominated Resolution

Things to Consider:

- Topics should not have been nominated within the last five years.
- [CNSA's Resolutions Archive](#)
- [NSNA's Resolutions Archive](#)

2. Documenting the Need

Because each "Whereas" statement reflects the need for the resolution, each "Whereas" statement must cite a supporting reference/document. All supporting documents must be submitted with the resolution.

While "Whereas" statements must accurately reflect the supporting documentation provided, **direct quotes should be avoided.**

The documentation must be evidence-based and no more than 5 years old (2016), unless the information is historical in nature.

ABSTRACT:	Nurses have a growing impact on how they influence patient care, healthcare policies, and healthcare spending. Nursing unions provide a method for nurses to be aware and involved in voting and creating health policies that not only advance patient rights but also the nursing profession. This resolution aims to inform nursing students of the impact of nursing unions as another method of educating themselves in health policy as future nursing professionals.
